OMAHA'S WELCOME.

The Presidential Party at Nebraska's Chief City.

AN ENTHUSIASTIC GREETING.

Large Crowds from Western Iowa, Kansas, Western Nebraska, Wyoming and South Dakota Attracted to Omaha by the President's Visit.

OMAHA, May 14.—Omaha had her spring fire on an early hour yesterday. The city had been trimmed in the National colors since the previous night in honor of the coming of the presidential party. The arrangement committee succeeded in having the business blocks and residences along the route of the procession decorated quite profusely. A speaker's stand, beautifully trimmed, was erected at the corner of Court House square at Seventeenth and Farnum streets, and such buildings as the banks, the New York Life, Bee, World-Herald, Paxton and Millard hotels, and chamber of commerce were especially noticeable for the profuseness and beauty of their decorations.

Large crowds came into the city from western Iowa, Kansas, western Nebraska, Wyoming and South Dakota, and swelled the concourse on the streets.

The train was late in arriving, owing to protracted stops at Hastings, Lincoln and other points in the state. But at 12 o'clock the booming cannon announced its arrival to the expectant crowd. The streets have never been so crowded since the history of the city, and the splendid weather and the enthusiasm all helped to make the party's reception very creditable to Omaha and the west.

An escort committee consisting of Governor Boyd, Senators Sanderson and Paddock, ex-Senator Saunders, Gen. Brooke, of the army, Mayor Cushing and other prominent persons had met the president at Lincoln, and they accompanied the party to this city. As the president stepped from the train to enter his carriage, a mighty shout went up from the multitude collected at the station.

A reception committee, and a committee of ladies met the party at the train, and members of these were distributed among the carriages containing the distinguished visitors. Quick time was made by the carriages from the station to Farnum and Seventeenth streets, where the procession was forming.

The cheering from the crowds of people massed along the sidewalks and formed in the windows of the buildings grew in volume as the president approached the court house where the formal ceremonies took place. Directly in front of the court house a grand stand wreathed in red, white and blue bunting had been erected. Alighting here, the gentlemen of the party took places on the platform.

Mayor Cushing welcomed the president, and the latter in response made an address which was frequently interrupted by cheering.

The crowd yelled for Mr. Wanamaker, who made one of his happy speeches, and cries of "Uncle Jerry," secured a few remarks from the secretary of agriculture.

Crossing over from the stand to the Bee building, directly opposite, the president held a public reception for an hour. At the conclusion of the reception the presidential party and its escort re-entered the carriages for a drive about the city.

It was 3:30 when the party had finished the tour of the city, and reached the home of ex-Senator Saunders, the father-in-law of Russell B. Harrison. The wives and daughters of senators and ex-senators, military officers and prominent society people of Omaha assisted Mrs. Saunders at the reception.

At 4 o'clock the president lunched with the Saunders household quite privately.

During the drive the procession stopped at Creighton college, where 2,000 Catholic children greeted the president with cheers and songs, and at the high school where 1,000 children were present.

At 5:30 the reception committee and army officers again took charge of the president and escorted him to his train, which left the depot at 6 o'clock.

Mr. and Mrs. Russell Harrison, who left Washington with the presidential party, took leave of their fellow-travelers to-day. Mrs. Harrison will remain in Omaha for two weeks, when she will go to New York to sail for Europe with Mrs. McKee on June 3. Mr. Charles L. Saunders, a brother of Mrs. Russell Harrison, also left the party here.

At Council Bluffs a large delegation of G. A. R. men met the president, and he spoke a few words to them before he was whisked out of the depot and began crossing the great state of Iowa.

Will Go Up for Life.

CHICAGO, May 14.—The trial of John Conti, an Italian, for the murder of his fellow countryman, Nicholas Senni, was concluded yesterday afternoon, and at 3:30 the jury retired. Three hours later the jury returned with a verdict of guilty, fixing Conti's sentence at imprisonment for life.

La Grippe Among the Redskins.

SPRINGFIELD, Wash., May 14.—Over 100 of the Indians in the Okanogan country have died of the grip. The Indians are leaving for Idaho and elsewhere to escape the epidemic.

Call Gaining.

TALLAHASSEE, Fla., May 14.—Two ballots were taken in the Democratic senatorial caucus last night, both with the same result. Call 53, Mays 44, Bloxham 1.

Forest Fires Still Raging.

WILLIAMSPORT, Pa., May 14.—A destructive forest fire is raging on Wallis run, in the northern part of Lycoming county. Great damage has already been done.

NAVAL BATTLE.

A Ramor That the Charleston Has Sunk The Itata.

CITY OF MEXICO, May 14.—The Anglo-American newspaper publishes rumors of the sinking of the Itata by the United States cruiser, Charleston, but gives neither time nor place. The authorities have no news on the subject.

Orders From Mexico.

CITY OF MEXICO, May 14.—The government has given strict orders to the port authorities on the Pacific coast to report the appearance of any Chilean or other warships. The opinion is general here that the Itata and her convoy will double on the Charleston.

It is rumored here that a fishing schooner saw two vessels off the coast yesterday sailing at full speed, one at 10 a. m. and the other at 2 p. m. Those on board the fishing vessel were unable to distinguish them.

No News Received at Washington.

WASHINGTON, May 14.—Officials at the navy department are still in the dark concerning the movements of the cruiser Charleston, and other vessels of the navy in the Itata case. No information on the subject, they say, has been received at the department, and, as far as they know, the Itata is still at liberty. The Charleston, however, it is thought, is gaining on her rapidly, and will probably reach Acapulco shortly after the arrival of the Itata.

CHARITIES AND CORRECTION.

Beginning of the Eighteenth Annual Conference at Indianapolis.

INDIANAPOLIS, May 14.—The hotels are crowded with delegates to the eighteenth National conference of charities and correction, comprising members of boards of state charities, superintendents and trustees of benevolent associations, directors and officers of charitable institutions and wardens and directors of prisons and reformatories.

The conference from a small beginning has grown in influence and the number of its delegates, until it is now one of the most important National conferences of the country, and exerts a great influence in the promotion of social reforms. Its object is to collect, compare and diffuse information respecting every description of charitable, penal and reformatory enterprises, both public and private, while the delegates are earnest and practical men and women, some actively engaged in such work and others, who while occupying no official station, are interested as philanthropists and good citizens.

The sessions of the conference which opened yesterday evening, will occupy one week and will be held in Plymouth church. Among the prominent speakers will be Governor Hovey, of this State; Governor Campbell, of Ohio, and James Whitcomb Riley.

The conference is presided over by Oscar P. McCulloch, of Indianapolis, and the secretaries are: Lucius C. Storrs, Lansing, Mich.; H. H. Hart, St. Paul; J. L. Welch, Denver; Mrs. M. C. Goodlett; Nashville; Miss Ellen H. Bailey, Boston, and Alexander Johnson, of Indianapolis.

MAFIA MURDERS.

A Family of Four Killed By the Society's Orders.

NEW YORK, May 14.—Advices from near Carriettes, Argentine Republic, give the details of the murder of a family of four by order of the Mafia. They were Ricardo Monari, his wife and two sons. They had incurred the enmity of Luigi Solazzi because they did not encourage his attentions to Leonora Spacci, a niece of Monari's wife, who lived with them.

Monari and Solazzi had several quarrels, and in February Monari received a note signed "Roberto Franconi, President of the Mafia," commanding him to give Leonora to Solazzi under penalty of death. He again refused Solazzi's demand for the girl. On the night of March 8, while the family slept, six men, armed, entered the house and the elder Monari was stabbed and killed.

The noise aroused the others, and in the fight that ensued Solazzi and Mrs. Monari and the two sons were killed. Leonora escaped by hiding. The Mafia then put the bodies in sacks and threw them in the river, but they afterward floated and were found. Documents on Solazzi's body showed that he and his companions were members of the Mafia.

Captured the Train.

ANDERSON, Ind., May 14.—Otis Courtney, George W. Wilson and Elisha Abney, three Midland railroad strikers, yesterday evening spiked a switch at Lapel with a train on it. Later they were placed under arrest and brought into the circuit court on a charge of interfering with the running of trains on that road. They gave bond for trial June 2. While the men were in court executions against the road to the amount of nearly \$1,000 were placed in the hands of Deputy Sheriff Parson, and he levied upon the locomotive that was on the spiked switch, and now has it chained to the track.

KNIGHTS OF HONOR.

Supreme Officers' Reports Show the Order to Be in Good Condition.

NEW ORLEANS, May 14.—At the second day's session of the supreme lodge Knights of Honor the reports of the officers were read. They show that there are 2,573 working lodges with a membership of 137,000 Knights in good standing. The benefit fund has a balance on hand of \$122,578.45, and paid out during the year to widows and orphans the sum of \$3,532,500. The general receipts for the year amounted to \$97,169, and there is a balance of \$51,464 still due to this account.

The members of supreme lodge were tendered a reception at the Grand opera house last night by the grand jurisdiction of Louisiana.

LABOR DISPATCHES.

Switchmen Discharged by the Chicago and Northwestern.

TROUBLE EXPECTED IN CHICAGO.

The Company Will Attempt to Operate Their Road With Non-Union Men. More Foreigners Shipped Into the Pennsylvania Coke Region—State Troops Withdrawn—Labor News from Other Places.

CHICAGO, May 14.—General Manager Whitman, of the Chicago and Northwestern Railway company, after numerous conferences with the directors and officers of the company, issued an order late last night, that every switchman employed in the city yards of the company be discharged at 7 o'clock in the morning.

The cause of the present trouble between the switchmen and the Northwestern company dates back some six weeks ago, when a strike lasting two hours was inaugurated, because the company refused to discharge Yardmaster Frank McNerny, for whom they had conceived a dislike because he had dismissed a certain switchman. At that time Mr. Whitman was sick and traveling in the south, and rather than put the travelling public to great inconvenience, the company in a measure, conceded the demands of the men.

"Since my return," said Mr. Whitman last night, "we have decided that the switchmen must go. The Northwestern company has made up its mind that it will hereafter try to manage its business without interference from the switchmen or the Switchmen's association. We have had a great deal of trouble all over our system with these men during the last three years. We discharge them now for the reason that the public and the management have put up with their conduct until forbearance has ceased to be a virtue."

Affairs in the Coke Region.

SCOTTDALE, Pa., May 14.—The object of President Gompers' visit to the coke region is said to have been to induce the district organizations to sever connection with the Knights of Labor, and join their forces with the American Federation of Labor. It is also said that he met with an emphatic refusal.

Yesterday's shipments by the Frick company was 209 cars, the largest since the strike began. Frick's forces of workmen are largely increased at almost every plant.

At Morewood forty-two old employees were refused work as the plant is in full operation, and no more help is needed.

McClure's union plant at Stoneville, which has been idle since the commencement of the strike, resumed yesterday. Over thirty of the newly imported men deserted, returning to their homes.

Thirty-two evictions were made at Valley Works, in Fayette county yesterday. One of the deputy sheriffs was severely injured with a stone thrown by a striker. A riot was narrowly averted.

Whitney works, near Latrobe, are again in full blast.

Foreign Workmen Expected.

UNIONTOWN, May 14.—The strikers of Frick's Leith and Redstone works are excited over the rumored shipment of a large number of foreign workmen to arrive there within the next few hours. Sheriff McCormick has sworn in about fifty deputies and forty more special men are expected from Pittsburgh. The sheriff has gone to Redstone and will instruct the deputies on the arrival of the expected workmen. The latter will be closely guarded and none of the strikers will be allowed to communicate with them.

Capt. Frazier has received orders from Adj. Gen. McClelland to disband Company C at once.

Strike Ended.

BROOKLYN, May 14.—The strike which was recently instituted on the work of the new Federal building here is ended, and the demands of the union men have been acceded to. None but union men are now employed.

The situation of the housemiths' strike remains practically unchanged.

Cigarmakers All Out.

MANCHESTER, N. H., May 14.—The Manchester cigarmakers' union, which includes all the cigarmakers in the state, went on a strike yesterday for an increase of wages. The manufacturers offered an advance of 5 per cent. of the union's demand, but the offer was rejected. Both sides are firm.

Stone Quarries Silenced.

ST. CLOUD, Minn., May 14.—Four hundred quartermen, stonecutters and tool-sharpeners, employed in Callison Brothers' and Robert Graham's quarries, went out on a strike yesterday, refusing to accept the bill of prices of the quarries.

More Italians From Pittsburgh.

PITTSBURGH, May 14.—Two hundred Italians have left Pittsburgh for the coke regions. The padrones in charge of the different gangs claim that their men have been promised immediate and remunerative work at the mines and ovens.

Last of the Troops Withdrawn.

HARRISBURG, Pa., May 14.—An order was issued last night withdrawing the last of the troops from the coke region. Sheriff McCormick having notified the governor of his ability to preserve order.

Insanity or Suicide.

WAUSEON, O., May 14.—A woman was struck by the westbound freight at 11 o'clock last night, four miles east of here. She repeatedly looked round. When the engineer whistled she faced the engine, and was hurled into the air and horribly cut. It seems to be a case of insanity or suicide. She is thought to be a Mrs. Gooderwin.

KENTUCKY DERBY.

Kingman a Winner in the Slowest Derby Race Ever Run.

LOUISVILLE, May 14.—The largest crowd seen on Churchill Downs since the Tenbroeck-Mollie McCarthy match in 1878, yesterday witnessed the least interesting and slowest derby ever run. As the time shows, the race was but little more than a good exercise gallop for the winner, who, with all horses that had a chance against him drawn, far outclassed his field. There were only four starters, as follows: Kingman, Balgown, High Tariff and Hart Wallace.

The horses got away at the second attempt and High Tariff led the gallop past the stand. At the end of the first mile Hart Wallace was in front a length from High Tariff, with Kingman and Balgown together in third place. Rounding the upper turn the field came together and they were all abreast when straightened out for the run in. Inside the last furlong Balgown made a strong play to reach the wire first and had forged to the front by half a length at the lower stand. Murphy, however, easily brought Kingman up and won by over half a length. Time by quarters—0:33, 1:05, 1:35, 2:01, 2:21 3/4, 2:52 1/4.

Kingman, the winner, is a bay colt by Imp Glengarry, dam Patricia by Vauxhall, and is trained by his owner, Dudley Allen, running in the name of the Jacobin stables.

Big Oil Deal in West Virginia.

CLARKSBURG, W. Va., May 14.—The biggest oil deal ever made in this state closed yesterday by the transfer of 140 leases, covering about 10,000 acres of oil lands, together with machinery, from the Ten Mile Oil company to the South Pennsylvania company, representing the Standard. The South Pennsylvania agrees to push developments of the Brown's mills territory, and the Ten Mile company agrees to divide with the South Pennsylvania any future territory they may secure. The consideration is not given, but the magnitude of the transaction can be imagined by the fact that the county clerk asserts that it will take the entire force three weeks to complete the records.

Another Petrified Body Discovered.

INDIANAPOLIS, May 14.—Mrs. A. C. Bryant died here a quarter of a century ago, and her remains were deposited in the vault at Greenlawn cemetery. Soon after this the new cemetery was opened, and as the vault at Greenlawn was but little used, the undertaker permitted the body to remain where it had been deposited. An account of the discovery of the petrified bodies in the vault appears to have reached her husband at Clifton Forge, Va., and he wrote to the undertaker, asking that the body be shipped to him. When taken from the vault it was found to be petrified like several others, though much heavier. It was shipped to the husband yesterday.

Flour Exports From San Francisco.

SAN FRANCISCO, May 14.—One million and fifty-eight thousand barrels of flour have been exported from this port during the first ten months of the crop year of 1890-91, as against 985,000 during the same period in the previous crop year. Adding flour to wheat the total exports of wheat for the ten months were 15,195,000 cents valued at \$21,337,000 as against 14,895,000 cents during the same period in 1889-90.

No Clew Discovered.

BIRMINGHAM, Ala., May 14.—There is no clew to the robbers who assaulted Cashier Russell, of the Georgia Pacific railroad, on Monday night, and stole \$350. Russell recovered consciousness yesterday and made a statement. He says the men were heavily masked and cannot give a description of them. Before leaving they sprinkled oil over the papers in the cashier's desk. The loss aggregated \$15,000.

Passengers Badly Shaken Up.

NEW YORK, May 14.—The fast express on the Philadelphia and Reading railroad ran into a train of freight cars near Bound Brook, N. J., wrecking the cars and throwing them down an embankment. The cab of the passenger engine was completely torn off and the engineer, who lives in Philadelphia, was probably fatally injured. The passengers received a lively shaking up but none was injured.

Latest Turtle Story.

COLUMBUS, Ind., May 14.—Frank Ault, of Pike's Peak, Brown county, twenty years ago caught a terrapin, or land turtle, and carved his initials, "F. A.," on its back. Three times during the last few years it has been seen, and yesterday it was caught by Isaac Risk, who now owns the farm formerly owned by Mr. Ault. It is identified by the initials "F. A."

Forest Fires in Wisconsin.

EAU CLAIRE, Wis., May 14.—Brisk fires are running through the timber north, west and east of here, filling the city and the country with smoke and keeping farmers and the people generally on the lookout. Large tracts of choice timber are being destroyed and many farmers' dwellings are in danger.

An Incendiary's Work.

RUSHVILLE, Ind., May 14.—Hester & Vanwinkle's saw mill at Manila, was consumed by fire yesterday. Three horses confined in a shed adjoining were also destroyed. Loss, \$3,000; no insurance. The fire is supposed to have been the work of an incendiary.

River Steamers Burned.

PITTSBURGH, May 14.—Three Pittsburg tow-boats, the George Roberts, Eagle and Twilight, lying at the Monongahela wharf, were burned last night. The George Roberts is a total loss, and the Twilight and Eagle partially burned. Loss \$25,000; fully covered by insurance.

Ball Grand Stand Burned.

TROY, N. Y., May 14.—The grand stand at the Troy base ball grounds was burned last night. Loss about \$1,200. The club has secured the Laureate amateur grounds for their games.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

THURSDAY, MAY 14, 1891.

It looks like Brown will be an easy winner in the convention at Louisville. He is the people's choice.

THE Court of Claims of Clark County has fixed the levy this year at 35 cents on the \$100, which is 7½ cents lower than in 1890.

IF Governor Buckner doesn't want to get peaceable, law-abiding people down on him, he must not be so free and so liberal in handing out pardons to evil-doers. A man was convicted at Winchester recently of carrying concealed a deadly weapon, and the Democrat says "in a few hours he had a full pardon in his pocket." If the Governor is going to interfere in every petty criminal case like the above, better dishband the courts.

THE Bourbon News remarks that "an enterprising corporation could establish a canning factory there and coin money and give market gardeners and fruit growers a ready sale for their vegetables and fruit."

And the same is true as to this city. The establishment over at Russellville, Brown County, has already disposed of nearly its entire output this year, and, of course, at a good profit.

THE United States Supreme Court has decided that Pennsylvania can tax the Pullman Car Company on mileage in that State, and, of course, the ruling gives every other State in the Union the same privilege. The decision is an important one to the millionaires who compose the company, but it is just and right.

A bill was introduced in the last Legislature taxing the company on its mileage in this State, but we believe it failed to pass. The next Legislature should adopt some measure covering the case.

THE Chicago Tribune, the leading Republican journal of the Northwest, believes the pension business has developed into an outrageous fraud. It says: "If the rolls were investigated and cleared up under a fair construction of the law, fully one-fourth the names would be taken off as having no legal right there."

The Tribune adds: "The abuses of the system are illustrated by the manner in which 115 one-hundred-day men from Ohio have been re-instated on the rolls. Their scheme to get a pension was carefully organized, and they succeeded in getting on some time ago. From evidence furnished him, General Black ordered these claims held up pending an investigation, which was still pending when Corporal Tanner came into office. As the result of the investigation they finally were dropped, but now they have managed by some kind of influence to get back on the rolls again. They are to draw pensions for the rest of their lives for one hundred days' play in Washington, in which they never fired a shot and never saw a rebel, and in which not one of them was even sick. By fraud and deceit they got on the rolls originally. Then they were hung up and rejected, and now here they are again in some mysterious manner grabbing from the Treasury to pay them for their hundred-day picnic. They are patriots for revenue only."

Undoubtedly the pension rolls ought to be rigidly "investigated" and thoroughly "cleaned up," but the Republicans will not dare undertake the job. There are some cases in this city, we are informed, that ought to be looked into.

JOHN M. SNAPP, of Elizaville, Nicholas County, writes a note denying that he and his wife made an assignment. The item originated in a special dispatch sent from Sharpsburg to the daily papers.

JUDGE PRISTER has fitted up his suite of offices in elegant style. A wood and glass partition was put in, dividing the room into two apartments, one of which he uses as a private office. The floor is covered with linoleum and handsome Brussels carpet, and no official in this city has cosier quarters now than the Judge's.

S. M. WILMOTH, who mysteriously disappeared from Paris some days ago, has returned home, in a demented condition. He can give no account of his absence. He said he had been to a soldier's home and they treated him kindly. His gold watch and all the papers in his pocket are gone, but he had \$8 in money.

COL. W. W. BALDWIN, Dr. John M. Frazer, Mr. John Chambers, Squire Leslie Mannen and Mr. Isaac Woodward were among those who attended the opening of the new Globe Warehouse at Cincinnati this week. The sales consisted of 309 hogsheads, bringing \$46,450 cash, being the greatest number of hogsheads ever offered at any one house in a single day.

A STORM PERIOD.

The Greatest Since 1832-33—Predictions of Foster, the Weather Prophet.

Foster, the weather prophet, in his last letter says: "Beginning with the first week in May of this year and ending with last week in June, 1892, will constitute the greatest storm period since 1832-33, and it will be at its greatest force during the coming winter. The winter will set in early, and with its unusual cold and great snow storms and blizzards will be what is termed a very hard winter. These winter storms will begin in the northern tier of States with great severity in October and an early winter very severe all over the continent will follow. The force of the storms will increase very gradually and the May storms will not be so marked as those later on. We will probably have an occasional tornado, but destructive storms will not attract general attention till after June 8th, when the great battle of the elements will begin in earnest, and every month will bring its noted storms. June is not always a month of great storms, but it will be this year, and should my predictions be verified as to that month the public will give more attention to what I have said as to the eleven months that follow it. October and November are the months that usually bring the tropical hurricanes that are sometimes very dangerous on the Gulf of Mexico and occasionally do damage as far north as Tennessee and Arkansas. The great hurricanes that visited the lower Mississippi and the coast of the Gulf of Mexico in 1832-33 will be separated next October and November. Whenever you find an old man who followed flat-boating on the Ohio and Mississippi rivers in 1832-33 you will find an oracle who can reveal much history about the hurricanes of the lower Mississippi at that time. Portions of Florida were greatly damaged by the hurricanes sixty years ago.

"I do not desire to create any unnecessary sensation about this very great storm period, but no harm can come by being prepared for the very severe winter and the great storms. Hundreds of thousands of people who read my weather forecasts every week will have great faith in the predictions made in this letter for they know that I am very careful and seldom mislead them. The forecasts are not based on any superstition or secret, but on what I know to be and on what any person may know to be real physical causes.

"The causes of this period of great disturbances will be the equinox of Saturn in October, and the equinox of Jupiter in January. Jupiter's equinox occurred in August and Saturn's in October, 1832, and hence the great storms of that and the year following.

"The equinoxes of these planets cause great electric disturbances in our solar system, just as do the equinoxes of our earth in March and September, but on a larger scale. Electricity is the force that causes all storms, and the sun and all the planets throw an electric force far into space over their equators, as does the electro dynamo, and consequently when any planet passes its equinoctial, the electric tensions of the sun and of that planet are disturbed and simultaneously the electric force of every planet in the solar system is unbalanced, which affects the electric currents of the earth."

FRANK GIBLIN, of Lexington, found \$2,660 worth of bonds in an old trunk one day this week. The Transcript says: "Some five or six years ago Giblin's father died, leaving considerable estate. It was known that he owned some Spencer county bonds, but after his death they were nowhere to be found and had been given up as lost. An old trunk had descended to his son Frank, a boy eighteen years of age, who had the good fortune to get from his guardian, Mr. Wm. F. Downing, a few days since a new suit of clothes. While putting these away in the old trunk, curiosity led him to examine an opening in the top which he had often noticed before, but which he supposed was only an accidental break; and there snugly hid away in an oil cloth pocket and that in a flat tin box were the missing bonds."

Real Estate Transfers.

W. H. King and wife and Sarah King to Margaret K. Wilson, grantors' interest in two lots on the Lexington pike, this city; consideration, \$101.

John Walsh and wife to Albert N. Huff, a house and lot on south side of Grant street; consideration, \$1,250.

In Trouble.

Says the Covington Commonwealth: "Harry Anderson, of Third and Madison, and Eddie Roetkin, of Riddle and Banklick, have got themselves into serious trouble. Though both having good homes were not content, but took a trip away. Wishing to return, they boarded a freight car at Maysville, after breaking the seal. The breaking of a railroad car seal is a felony, and the lads are in a bad box that will cause them considerable trouble to extricate themselves from."

THE great Lick telescope reveals about 100,000,000 of stars, and every one of them is a sun, theoretically, and by analogy giving light and heat to his planets; this telescope reveals stars so small that it would require 30,000 of them to be visible to the naked eye.—Exchange.

THIS being the season for step ladders, all lengths from three to ten feet long are in stock. Also wire screen doors and windows, self-adjusting. The "Matchless" hold-back spring hinge, the very best ever made. All of the above sold by Frank Owens Hardware Company.

A BEAUTIFUL lawn or front yard is admired by all. The lawn mower is a fixed fact. Buy a Champion. It has less machinery to get out of order than any other. It is the best cutter made. Frank Owens Hardware Company sells this machine. Their third order made this season for them.

"Culbertson."

Mr. James Barbour has had about thirteen acres of the Culbertson farm in the East End platted into streets, alleys and lots, and given the name of "Culbertson" to the place. There are one hundred and fourteen lots. Three of the principal streets are named "Wood," "Pelham" and "Tyler." A plat and description of the place has been lodged in the County Clerk's office for record.

BABY IS SICK—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Waters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby. For sale by Power & Reynolds.

MAYSVILLE MARKET.

GROCERIES AND PRODUCE.

Cincinnati Tobacco Market.

(Tuesday.)

The offerings at auction to-day were 749 hds. The offerings were large and there was a strong active market, and sales, as a rule, proved very satisfactory. Old good, fine and fancy leaf was in active demand, buyers being in request of this kind; bidding was spirited at very full prices, two hds selling at the highest prices paid for a number of years; medium leaf and colory trash and lugs held in active demand and were taken at full figures. The commoner grades sold well. Medium to good and fine leaf and all clean samples of trash and lugs (new) with color are in active demand and are selling at full figures. Common trash, lugs and nondescripts are unchanged from previous reports, prices remaining low.

At the Bodman Warehouse, J. M. Hart, of Morgan, Ky., sold 10 hds fine and fancy leaf (old) at \$20.50, \$23.25, \$23.50, \$24, \$26, \$26.75, \$27.25, \$28.25, \$32.75, averaging \$26.25. G. F. Young, of Ripley, O., 5 hds fancy leaf (old) at \$26.50, \$30, \$33.50, \$35.50, \$35.50, averaging \$32.20. The last two prices are the highest paid in this or any other market during the past three years.

Of the 749 hds, 73 sold from \$1 to \$3.95, 98 from \$4 to \$5.95, 119 from \$6 to \$7.90, 88 from \$8 to \$9.95, 188 from \$10 to \$14.75, 138 from \$15 to \$19.75, 28 from \$20 to \$24, 11 from \$25 to \$29.75, 4 from \$30 to \$33.50 and 2 at \$35.50.

DOWN TO BUSINESS.

Kentucky Democrats at Work Selecting a State Ticket.

Doings of the Convention at Louisville—Goodnight Temporary Chairman.

Kentucky Democrats, to the number of about three thousand, are assembled at Louisville to nominate candidates for the various State offices.

The convention was called to order yesterday at twenty minutes past 12 o'clock by Chairman Castleman of the State Central Committee. In the few remarks he made he congratulated the party on the victories it had won in State and Nation since last assembled in mass convention.

Congressman Goodnight of the Third district, was chosen temporary Chairman by acclamation. He reminded the delegates that they had assembled not to do battle but to prepare for battle. "We will not only nominate candidates, but will select the next officers of this great Commonwealth," he continued, "and they must be men of clear heads, clean hands and pure hearts. To this end every delegate should be a patriot, not a partisan. We are here demanding the nomination of Clay, of Hardin, of Clardy, of Brown; let our demands be so conducted that we shall be all unitedly for either. I think there is not a candidate before us who would not make a great Governor; not one but would make a brilliant Attorney General; none that would not make a wise Superintendent of Public Instruction. Thus circumstanced as to all the offices, we are without occasion for family bickering, but by our wisdom and conservatism may justify the expectations which we to-day arouse throughout the Nation."

James E. Stone, of Breckinridge County, was chosen Secretary, and a call of the districts resulted in the appointment of the following committees:

On Credentials—First District, J. E. Robbins; Second District, John L. Dorsey; Third District, John G. Orndorff; Fourth District, W. C. McChord; Fifth District, W. J. Abraham; Sixth District, Leslie Applegate; Seventh District, James E. Cantrill; Eighth District, R. J. Breckinridge; Ninth District, John Norvall; Tenth District, Z. T. Young; Eleventh District, O. H. Waddle.

On Organization—First District, W. M. Reed; Second District, J. F. Dempsey; Third District, F. H. Briscoe; Fourth District, T. A. Robertson; Fifth District, W. B. Haldeman; Sixth District, George G. Perkins; Seventh District, Jerry D. Lillard; Eighth District, R. A. Briggs; Ninth District, R. K. Hart; Tenth District, D. D. Sublett; Eleventh District, W. S. Stone.

On Resolutions—First District, J. D. White; Second District, H. B. Allen; Third District, W. L. Porter; Fourth District, R. P. Hocker; Fifth District, B. W. Duke; Sixth District, Marc D. Gray; Seventh District, Thos. H. Hines; Eighth District, W. G. Welch; Ninth District, J. Q. Lackey; Tenth District, W. M. Beckner; Eleventh District, O. V. Reilly.

On motion the Chair added the following gentlemen, from the State at large, to the above committees:

On Organization—G. B. Edwards, Logan; Ira Julian, Frankfort.

On Credentials—John B. Thompson, of Mercer; C. W. Milliken, of Simpson. On Resolutions—J. C. S. Blackburn, of Woodford; J. B. Nall, of Jefferson.

While the convention was engaged perfecting a temporary organization, Hon. James A. McKenzie, of Christian, interjected a resolution that the Democracy of Kentucky return thanks to the State Central Committee for its uniform fairness and the excellent work it has done for the party. This was ruled out of order, but was afterwards called up. There was some opposition to it. A few thought the Central Committee had no right to interfere with the County Democracy and dictate to them how delegates should be chosen. The resolutions, however, were adopted.

The convention then adjourned till 8 o'clock last night.

At last night's session the Committee on Organization reported Chas. R. Long, of Louisville, for permanent Chairman.

Speeches were then made placing Hardin, Brown and Clay in nomination for Governor, after which the convention adjourned till 10 o'clock this morning.

As to the preliminary district fights the Louisville Times says the meeting of delegates from the Ninth was one of the most harmonious of the day, and all of their selections were made by acclamation. James N. Kehoe, of Mason, was made Chairman, and R. D. Wilson, of Lewis, Secretary. Then the following committeemen were chosen:

Resolutions—J. Q. Lackey, Lawrence. Organization—R. K. Hart, Fleming. Credentials—John Norvall, Nicholas. Vice President—Harry Bruce, Lewis. District Committeeman—C. B. Poyntz, Mason.

James E. Stone was chosen permanent Secretary, and Green R. Kellar and C. B. Lee Assistants. Robert Tyler was made Sergeant-at-Arms.

The Committee on Organization recommended that after the tenth and each succeeding ballot the lowest candidate be dropped.

Governor McCreary reported from the Committee on Credentials that they hoped to be ready to report by noon to-day.

Hon. Reuben A. Miller, of Owensboro, made the speech nominating Brown. It was greeted with cheers.

Mayor Berry, of Newport, nominated Clay and Mr. Theo. Hallam, of Covington, nominated Hardin.

TROTTERS AND PACERS.

A Fine List Entered for the Stake Races at the Maysville Fair.

The members of the Maysville Fair Association are feeling enthusiastic over the fine list of entries for the stake races at the meeting in August.

There are one hundred and thirty-four trotters and pacers in the list, which beats the record, we believe, at this place. And as far as learned none of the other associations in the Blue Grass Circuit make as good a showing this year. Winchester reports only twenty-nine entries, and Danville 101.

The Maysville Association reports 29 entries in the Cincinnati Tobacco stake for two-year-olds; 9 in the Central Hotel stake for three-year-olds; 22 in the Merchants' stake for four-year-olds, eligible to 2:27 class; 33 in the Smith stake for three-year-olds, eligible to 2:40 class; 15 in the C. and O. stake for yearlings; 10 in the stake for two-year-old pacers, and 6 in the stake for three-year-old pacers; 4 in the Mason County stake for two-year-old, and 6 in the Mason County stallion stake.

The list includes some of the finest and fastest, of course. It will be published in full in a future issue.

Kentucky Republican.

Nicholas County Republicans instructed for Wood.

The delegation from Grant County is uninstructed as to Governor.

Mr. Jos. A. Sparks informs the Washington correspondent of the Enquirer that he is not a candidate for re-election as member of the State Central Committee from this district. He thinks Mr. Lewis Lebus, of Cynthiana, as a good man for the place.

The Louisville Times says the Wood-Bradley crowd now figure on 468 votes in the State convention, 268 less than the number required to nominate. They count Mason's 23 votes in the above.

D. G. Colson and Major Burchett are spoken of in connection with the permanent Chairmanship of the State convention at Lexington.

Jessamine and Fleming counties have instructed for Wood. The Fleming County convention indorsed Senator Huff for re-nomination.

The g. o. p. of Warren County, in the person of fifteen white men and two colored met at Bowling Green and instructed for Wood. One hundred and two delegates were named, among them Gen. S. S. Fry, who lives at Danville.

Sweeney-Moody Debate.

Our Desha Valley correspondent is informed by Dr. Dye of the Committee on Arrangements, that all the details of the Sweeney-Moody debate have been formulated and the biblical gladiators are ready and eager for the scholarly fray which will open at Fairview, Fleming County, Tuesday, May 19, at 10 a. m., continuing eight days. A mid-day collation will be served each day on the grounds adjacent to the church, and visiting parties are requested to come with well-filled baskets. The place is easy of access on the Maysville and Lexington pike, nineteen miles from this city.

Here and There.

Mrs. Basil Duke, of Bloomington, Ill., and Mrs. Herbert Reno, of Cincinnati, are visiting their parents, Dr. and Mrs. John P. Plister.

Dr. and Mrs. A. K. Wall, of Maysville, were en route last evening from a visit to their daughter, Mrs. Judge Apperson, of Mt. Sterling. Hearing us call the name of Wall, Mrs. Jos. Palmer said to Mrs. Wall, "you knew me as Miss Wyatt when you lived at Ruddle's Mills 41 years ago." They had not met since that time, Mrs. Wall lived ten years at the Mills.—Paris Kentuckian.

Union Trust Company.

The Union Trust Company has declared a dividend of six per cent. on its business the past nine months. In addition to this, \$1,000 was added to its surplus, and the undivided profits amount to \$421.12. The gross earnings for the nine months amounted to \$5,771.39. The dividend is payable May 18, 1891.

MR. LABE FARROW and Miss Nannie Wallingford, of Mt. Gilead, were married by 'Squire Beasley yesterday. The former is a son of Mr. Champ Farrow, the distiller, and is well known here.

FOUGHT IN COURT.

A Deadly Duel Between Two West Virginia Families.

THE RESULT OF AN OLD FEUD.

Desperate Fight Between the Halls and Steeles, in Which Two Halls Were Killed, One of the Steeles Fatally Shot, and Another Disabled—Forty or Fifty Shots Exchanged.

CATLETTSBURG, Ky., May 14.—Particulars of one of the bloodiest fights on record has just been received here from Gager, McDowell county, W. Va., in which three men were killed outright another seriously wounded. For the past year or more the Hall and Steele families, living near the above mentioned place, have been at outs. Each swore to have the blood of his enemy. The Hall family consisted of father and four stalwart sons, while the Steeles counted three able to bear arms.

On Saturday the four Hall boys and two of the Steeles met at the office of Squire L. T. Murphy to transact some legal business. Each were armed with rifles and revolvers. One of the Hall boys was on the witness stand and contradicted a statement made by a Steele. The lie was given and the ball opened. The court room was quickly emptied of its occupants and those not interested in the trouble fled to escape stray bullets. Each man engaged hunted a tree and the firing became general. About forty or fifty shots, all told, were fired.

When the smoke of the battle had cleared away the Steele boys, Samuel and Hiram, were found to have been killed outright. L. W. Hall had a rifle ball through his brain and his brother Lewis was badly wounded.

The two of the deadly battle fled to their homes, and at last accounts had not been arrested. As they are known to be desperate men, but little effort will be made to arrest them. The scene of the fight is 140 miles distance from this place, and from telegraph or railroad communication.

"SPIRIT CHILD."

A Small Boy Creating Considerable Excitement in Northern Indiana.

WARSAW, Ind., May 14.—Mr. S. L. Smith, the editor of The Silver Lake Signal, at Silver Lake, a little town about twelve miles south of this city, on the line of the Cincinnati, Wabash and Michigan railway, is the father of a child who is creating a great deal of excitement in his neighborhood by his wonderful and astonishing powers of what the father is inclined to think is mesmerism.

The boy is almost 7 years of age, and is capable even now of performing any of the feats of the famous Davenport brothers—rope-tying, chained-box trick, table rapping, reading sealed letters, slate writing, moving tables with heavy weights on them, etc. The little fellow may be bound hand, foot and neck to a chair, and in five seconds will liberate himself without untying a single knot, no matter how securely he is bound.

These, and many other mysterious feats which he performs, have given him the title of "Spirit Child." His powers are all natural, having been in no way developed.

Threatened Lynching.

MUNCIE, Ind., May 14.—James Rector, a farmer of Harrison township, befriended Walter Morris and gave him a home in his family. Rector has two daughters, aged respectively 17 and 12, and it is charged that Morris betrayed the elder and criminally assaulted the younger. This coming to the father's knowledge he nearly beat Morris to death. Both were arrested, and the farmer was fined for assault and battery on Morris, while Morris was placed under \$1,300 bonds to answer the charge of criminal assault. Citizens are threatening that he will not live until the trial.

Cut to Pieces By the Cars.

COSHOCTON, O., May 14.—About 1 o'clock last night, Anderson Sutton, a young unmarried man, of this place, being intoxicated, laid down upon the Pittsburg, Cincinnati and St. Louis track within the city limits, and within a short time was cut in two at the middle and otherwise mutilated by a west-bound freight. All of his remains that could be found were gathered together and sent to the undertaker. About \$70 in money was found in his pockets.

Opera House Fire.

NOBLESVILLE, Ind., May 14.—Fire at 2 o'clock yesterday destroyed the opera house, two dwellings and two barns. Nothing was saved from the opera house; scenery, flowers, piano, everything went up in the flames. The building belonged to Wild, Curtis & Bachman. The total loss in the fire is \$10,000; insurance, \$4,500. No cause yet given.

Three Men and a Boy Instantly Killed. CUMBERLAND, Md., May 14.—A special from Gorman, W. Va., says: By the explosion of a boiler in G. W. Wilson's saw mill, at Wilson station near here, three men and a boy were instantly killed and two others were seriously hurt. Owing to the village being without telegraphic communication no particulars can be learned.

Freight Train Wrecked.

LACROSSE, May 14.—A freight train on the Viroqua branch of the Milwaukee road, twenty-two miles from here, was wrecked by striking an obstruction on the track. John Morrison, engineer, and Frank Steele, fireman, were probably fatally injured. A car containing live stock was burned together with the stock.

Pictures Destroyed By Fire.

BELLEFONTAINE, Pa., May 14.—Moore's photograph gallery was burned yesterday, and the establishments of McKee & Brothers and W. & W. C. Kiplinger were damaged by smoke and water. The loss is \$18,000; insured.

Cotton Exports.

WASHINGTON, May 14.—Cotton exports from the United States during April past aggregated 417,171 bales, valued at \$20,560,977, against 208,129 bales, valued at \$10,624,268 in April, 1890.

EXECUTOR'S SALE.

The undersigned will sell on Friday, June 5, '91, on the premises, one mile south of Minerva, in Mason County, all the real estate of the late James M. Hieatt to the highest eligible bidder. This property consists of one tract of land containing one hundred and thirty-seven acres. The land is well watered and in the highest state of cultivation, three-fourths of it now in grass. It is noted as first-class tobacco land, and nearly all of it is now in condition to produce as fine and as much tobacco per acre as any land in the county. There are six or eight acres of woodland, the fencing is first-class, being nearly all four wire picket or hedge. The other improvements consist of one two-story frame dwelling, containing three rooms and hall below and two rooms and hall above and two splendid cellars, summer kitchen, smoke house, hen house, carriage house, ice house, large and commodious stables and two No. 1 frame 40x60 tobacco barns. Fine orchard, good cistern and well, and abundance of good tobacco sticks.

The purchaser will be required to pay five hundred dollars down as an earnest of intention to comply with contract. Terms of sale further than this will be easy and made known on day of sale. Full possession will be given the first day of March, 1892. The purchaser will have privilege of seeing this fall. The undersigned will take pleasure in giving any further information, either written or verbal, and are ready at all times to show parties over the premises when called upon. Address all inquiries to Byar & Weaver, Minerva, Mason County, Ky. Sale at 2 p. m.
